**Dedicated by Robert Sellon
IN MEMORY OF HARRY F. SELLON
December 25, 1889 to July 28, 1962**

To Harry Sellon and that generation of men and women who toiled physically so long and hard to help mechanize and automate America so that my generation might have all the things they dreamed about, I wish to express my deepest sincere appreciation.

Harry was a big man; he stood nearly six feet tall and weighed about 290 pounds most of his life. He wore a size 14-4E shoe which were usually shipped in separate boxes. He liked guns and hunting. For many years he collected guns and numerous other items, a collection he called his "museum." At one time, he had 70 old guns; some he owned and others were loaned.

Harry was born in Wayne, Nebraska on Christmas day in 1889 to Mr. and Mrs. C.O. Sellon. He was the oldest of ten children. They moved to a farm six miles south of Randolph in 1894 where he grew to manhood. He attended a country school until the eighth grade.

Harry was more interested in repairing things than in farming. He spent lots of his time in the farm shop fixing things.

During the teen years, Harry attended an automobile mechanics school in Omaha. He opened an auto garage in Walthill, Nebraska for a short time and was also night cop. He was a partner in the Palace Garage in Randolph for a while. That was the time when you had to teach people how to drive before selling them a new car!

When World War I came, he joined the army and served in the 338th Field Artillery. By the time he got to the front lines, the war ended. He returned to Randolph, bought an old Ford building and remodeled it. He started a machine shop and was back to repairing things.

In January, 1920, he opened his own business and called it Sellon's Machine Shop. Harry married Gertrude Dais in 1925 and had one son, Bob, in 1932. Harry served on the city council and fire department and had the honor of serving as Fire Chief for over 25 years. Harry was a 32° Mason and was proud of his affiliation, attending numerous Masonic events around the state.

Harry retired in 1955 after training his son Bob for six years to carry on the business.

Harry continued to help in the shop as best he could in his remaining years.

One of my richest blessings was to be able to work side by side in his Machine Shop and learn the many secrets he had discovered about so many things.

I remember my Dad as being everybody's friend and a special pal all my life.

Robert V. Sellon

**Dedicated by Robert and Virginia (Milander) Sellon
IN MEMORY OF PETE MILANDER:
January 17, 1911 to July 24, 1985;
VIOLET (THOMAS) MILANDER:
September 6, 1913 to January 24, 1984;
JULIE (MILANDER) HOLTHAUS:
February 7, 1956 to March 9, 1985.**

Pete and Violet were married on May 31, 1931 when times were really hard and most wives were career homemakers such as Vi. Pete worked long, hard hours in the Randolph Bakery for \$1.00 a day. In May of 1932, a daughter, Virginia, was born at home with Dr. Gleason on hand. His fee was \$25.00.

Pete, like many at that time, worked odd jobs wherever he could find an honest dollar. A few years later they managed to begin farming and in 1940 moved to California through the war years. Both Pete and Vi worked in defense plants, many times seven days a week.

In 1947, they bought the Herman Broer Planing Mill and moved back to Randolph. Pete proved to be an extremely fine wood craftsman who could build just about anything. Many homes in the Randolph community have enjoyed his fine, well-built kitchen cabinets.

In 1957 they bought the Louie Bauer farm and moved to the country. They commuted back and forth to the Planing Mill several years before closing the mill.

In 1956, they were blessed with a second daughter they named Julie. At the time Julie was born, Pete and Vi lived next door to their first daughter, Virginia, who two weeks later blessed them with a third grandchild. So Virginia shared the enjoyment of raising her younger sister, Julie.

Pete enjoyed working with boys and Scouting. Several years he served as Assistant Scoutmaster of Randolph Troop 203. He assisted at District Camporees and at Camp Cedars summer camp, sometimes taking charge of orphan troops which were unable to provide their own leaders. He was a member of Order of the Arrow. Pete was a 32° Mason and served as past master of Golden Sheaf Lodge 202.

Violet was a graduate of RHS, Class of 31'. Many years she taught Sunday School at the Methodist Church and was a member of the Wesleyan Circle. She was a past president of chapter EA, P.E.O.

In 1970, they sold the farm to Albert Meyer and moved to Norfolk. There Julie graduated from High School in 1974, moved to the Lincoln and Omaha area. She was a member of Chapter GS, P.E.O.

Violet was hospitalized briefly and died in January, 1984. Julie died 14 months later at the age of 29 in a car accident and Pete four months later of an accidental fall. Pete and Violet died 18 months apart to the day.

No words can express the happiness we shared and the beautiful memories they have left with us forever.

IN MEMORY OF
**LUDWIG and MINNIE
BAUER**

Ludwig "Louie" C. Bauer was born in Crawford County, Iowa on March 19, 1892 to Ludwig and Barbara (Herbolsheimer) Bauer. His family included ten brothers and sisters.

Minnie M. Kruger was born on April 3, 1894, in Pierce County, Nebraska to William and Tina (Kruger) Kruger. Her family included four brothers and one sister.

Louie and Minnie were married February 10, 1915, at the farm home of her parents in Pierce County. They farmed all of their married life in the Randolph community, where they raised their four children; Irene, Harold, Marlin and Lois.

They had eleven grandchildren, eighteen great-grandchildren and two great-great-grandchildren.

In 1957, they retired from farming and moved to Randolph.

Louie died April 30, 1970, at the age of 78.

Minnie died February 6, 1979, at the age of 84.
